LAWYERS GREATLY DIFFER

In Construction of Ministers' Marriage License Law.

WARREN JUDGE'S VIEW.

Holds That a License Once Issued Is Good Until Annulled.

The recent demand of the county clerk, on the advice of Judge J. I. Landes, that Rev. A. P. Lyon, of the Methodist church, take out a license to perform the marriage ceremony upon becoming a resident of this county, has caused a stir among the ministers of the state. Rev. W. F. Lloyd, the Methodist preacher at Bowling Green, with Revs. William Irvine, J. S. Dill, E. B. Kuntz, and E. G. Vick, of other denominations called upon County Judge C. C. Drake to construe the law, which reads as follows:

"No minister or priest shall solemnize marriage until he has obtained a license therefor from the county court in which he resides, upon satisfying the court that he is a man of good moral character and in regular communication with his religious society, and upon giving covenant to the Commonwealth, with good surety not to violate the law of this state concerning marriage."

The question at issue is whether a license is good after a minister has changed his residence to another county. It is conceded that a license in force is good anywhere in the state. Judge Landes decided that it is in force only so long as the holder resides in the county where it was issued. If he moves he must get out a new license, which then becomes a legal license under the law.

Judge Drake decides exactly opposite, holding that if legally issued a license remains in force anywhere in the state until annulled, no matter where the minister may subsequently move.

The law further says: "Such license may be annulled by any county court, after notice to the person having it."

Judge Drake concludes as follows: "Now, if the residence of the minister is all the essential criterion, then there are many marriages improperly celebrated. I am of the opinion that such technicalities will not avail in construing the above section. Lawyers are required to procure license to practice law, but they do not have to do it in every county in which they may practice. They can practice in any court in the state when they have once had license granted."

PRESBYTERY

Of Cumberland Church Now in Session.

Princeton Presbytery of the Cumberland Presbyterian Church convened for a three days' session at Morganfield last Tuesday. Dr. J. L. Wyatt and Mr. James West are in attendance.

Rev. M. M. Smith, of Bowling Green; Rev. Israel Joiner, of Lafayette; Mr. U. A. Sowell, of Bennetts-town, and Mr. J. I. Ellis, of Weaver's Store, Tenn., passed through the city Tuesday on their way to Morganfield as members of the Presbytery.

Dr. Wyatt is on the program for a sermon and also a talk on Christian Endeavor work. Mr. West is to deliver an address at the ministers', elders' and deacons' meeting.

COTTON MILL DECLARED OFF.

Attempt to Put Off Old Machinery Run Down.

PROJECT NOT YET DEAD.

Mill May Be Built Entirely By Home Capital.

The much talked of cotton mill, under original proposition, has fallen through, but chances are probably better than ever that the enterprise will yet be started and that home capital will do it.

It will be remembered that Mr. Horner came here some months ago and met a local committee and made a proposition, coming from Eastern capitalists, that if the people of Hopkinsville would subscribe \$30,000 toward a capital stock of \$200,000, the eastern people would furnish the remainder of the capital and locate here a modern and up-to-date plant, nothing but the latest and most approved machinery to be used. The proposition was exceedingly favorable and the gentlemen were untiring in their efforts to secure the most helpful of all enterprises that had heretofore been spoken of. Hopkinsville had virtually raised the capital asked for, but before being tied up the committee set about making a rigid examination as to the ability of the Eastern men to comply with their part of the contract to be entered into.

Under the proposition our people were to have two directors of the five of the company and have full voice in the management and direction of the concern. On the surface everything looked fair and roseate for the future of the enterprise and created, perhaps, a feeling of hope among our people generally overshadowing more or less all other things that had been brought before them.

But the gentlemen most interested were not to be caught by a glittering bait and sent a man to the other end of the line to learn who were doing the angling. First indications were not favorable, and further investigation revealed that there was something entirely wrong, not on the part of Mr. Horner, but the men he represented. The real design, we learn, was to put in here old machinery that had been discarded in another mill. Of course our people then dropped out of line. Had the Eastern people succeeded in starting the mill and putting in out-of-date machinery they would have scooped Hopkinsville's \$30,000, and where would our people have landed?

But our people have learned of what lasting value a cotton mill will be to our city and they are determined to have it. They are not seeking "Eastern capital" just now. We are authorized to say that the mill will be built, and it won't be long before it is done. Best of all too, it will be financed by home people and the dividends will be shared in by home people. The gentlemen who have most interested themselves in trying to influence Boston money in this direction, and complying fully with everything asked by the Eastern men, are now in line for greater effort in securing what we most need. The cotton mill being the first thing, along with other enterprises, will receive all the attention that its importance demands.

THE STYLES IN SNOWSHOES

Various Models That the Traveler Prefers in Different Parts of the Country.

In the intense cold of the north-west where the snow is deep and frozen to a dry powder, the dog drivers use a shoe that is 24 feet long and fairly narrow. The models are coarse in the spring, but midwinter and dry, hard snow necessitates an extremely fine mesh. The toe hole is placed about two-thirds the length forward and the toe of the shoe is broad and upturned. In the best made shoes the filling is cleverly put in and presents a concave surface to the snow and does not sink in deeply, but carries up and forward so that the long body and heel always remain down, even at a fast pace.

In Eastern Canada, where the country is less open, the snowshoe is an almost exact opposite in shape. The oval is shorter and broadened until it appears very clumsy, nevertheless it has been generally accepted for all-round use. In this model the toe hole is placed further forward for ease in hill climbing, says L. D. Sherman, in Outing.

The "club" shoes in the market to-day follow this design, except that they have upturned toes, whereas the trappers and lumbermen claim that it is easier to climb hills on the flat-toe model, especially when carrying a pack or dragging a toboggan. A specially designed shoe called a "hill climber" has no filling forward of the toe hole nor back of the rear cross piece, beside being very coarsely meshed. To borrow from an expressive friend who owns a pair: "If you always climbed it would be a 'cinch,' but they're the devil and all coming down." Where the forests are very dense the Indian uses a fairly broad shoe about three feet in length, enabling him to slip smoothly about through the trees with small danger of tangling the tails in the thick underbrush, which would be sure to happen incessantly if they were modelled after those used on the open plains.

There is another interesting model, formerly used in the Adirondacks, and now mostly confined to the Rocky mountains, called the "bear paw" shoe. It is a perfect oval in shape, having no heel or tail. It measures about 18 by 14 inches and is coarsely strung, the meshes being two to four inches across. This coarse mesh is very necessary where the snow is moist, as otherwise the shoe would hang up at every step and make traveling impossible. Most of the eastern shoes are closely meshed.

HOW TO MANAGE A WIFE.

Never Contradict, Deny or Oppose Her, Nor Knead, Tell the Truth, and All Will Be Well.

A great many persons have suggested methods as to the best way to manage a husband, but it is recommended for a Eureka, Kan., man to reduce to writing a set of rules for the successful management of a wife. The following rules were compiled by a business man who claims to have followed them to the letter during the last year and says they have never been found in fault in a single instance during that time:

Never contradict her. You are right, of course, nine times out of ten, and she knows it, but to tell her so makes her always unmanageable.

Never oppose her. When she suggests that in the absence of the cook you get up and light the fire do so at once, willingly and cheerfully. If she wishes you to walk the floor with the baby obey with alacrity.

Never deny her. Possibly she may exceed her allowance, but this is always your fault, because you are not man enough to supply her.

Never be cross. When you come home at night, having failed once or twice during the day or been insulted by a total stranger, or with a large, powerful pin in your stomach, laugh it off and conceal your real feelings.

Never tell her the truth. When she asks you how you like her new hat or cloak swear that you think it is the greatest thing for the money you ever saw. When she shows you her new gown be lost in admiration. When she is cross and irritable tell her she is an angel.

Never disagree with her. When she suggests that you have a cold and need a hot mustard plaster grin and bear it. When she tells you she needs a change tell her you are glad she mentioned it.

Never interrupt her.

This is the only way to manage a wife.

Grippe Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds, which quickly developed into the worst kind of la grippe, with all its miserable symptoms," says Mr. J. S. Eggleston, of Maple Landing, Iowa. "Muscles sore, joints and bones aching, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, and the worst of the grippe was soon completely knocked out of the grippe." Sold by L. L. Elgin and Anderson & Fowler, the up-to-date druggists of Hopkinsville.

The Pope's Women Servants.

A large number of women are employed at the Vatican solely in keeping the pope's wardrobe in perfect condition. No spot or stain may disfigure his garments, and as he always appears in white, even a few hours' wear deprives the robes of their freshness. Women are permitted to serve the pontiff in this respect, as male attendants are not considered suitable for the work. Only the most delicate materials are used—moire silk in summer, and a specially woven fine cloth in winter.

The Real Thing.

"De sho' nuff financier," said Uncle Eben, "is de woman wit only a two dollar bill an' a family of eight to makket for." — Washington Star.

Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lanongan, provincial constable at Chapeau, Ontario, says, "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured." This remedy is indicated especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by L. L. STRAW HAT SALE IN WINTER

For Wear in Florida, Where the Summer Season Has Opened—Wave Proceeds North.

"We always carry a good stock of straw hats in winter," said a New York hatter, "and the severer the winter the more straw hats we sell. The simple reason for this is that in such a season more people go south, and it is to people going well south that we sell straw hats here in winter."

"They are wearing straw hats in Florida now, south of St. Auguste line. You would find some straw hats worn in that city, but at Orlando, Palm Beach and Miami and elsewhere throughout the Florida peninsula south of St. Auguste line straw hats are now commonly worn and are required for comfort."

"The straw hat stocks that we carry in winter here and at our agencies in Florida are not of the hats left over from the stocks of the preceding season here, but are new supplies of new fresh goods from stocks made up for the succeeding season. The straw hat season in this country really opens in Florida in winter, and the hats we are now selling for wear there are of the styles of 1906, such as will become familiar here when, in due time, the straw season shall have opened in New York."

"We begin making straw hats for the next year's trade on August 15," said a straw hat manufacturer, "and this work goes on actively all through the fall and winter. When people here in New York are going around in heavy overcoats and furs we are selling straw hats for future delivery, and the distribution of straw hats to more distant southern points begins in winter, so that the jobbers and retailers at these points may have their stocks ready for the opening of the season."

"The straw hat season opens in Florida, not only for the tourists, but for dwellers in the state, about February 1. In New Orleans and Mobile and along the gulf, they begin to wear straw hats about April 1, and so with the advancing season straw hats begin to blossom further and further north, until we get the opening of the straw hat season in New York about the first of May."

IRELAND'S FUEL INDUSTRY.

Land of Erin Certainly Is Entering Upon Another Era, According to All Indications.

It now looks as if Ireland had entered upon a practical development, in a new fashion, of the vast reserve of fuel stored in her bogs, says the Boston Transcript. The coal deposits, though worked to a small extent, do not at present encourage a considerable investment of capital. Prof. Hull, when head of the geological survey department, fixed the native coal resources at a substantial total, and the day may come when, through the improvident system of English milking, they will constitute a very valuable property. Meantime the best use of the surface and hitherto enterprise. The wonder is that this great accumulation of potential wealth has remained so long almost ignored. It is true that at least 3,000,000 of the population have used peat from time immemorial for heating, but they were merely touching the fringe, and the current methods of preparing it for burning were utterly primitive and accidentally wasteful. No one seemed to think until very recently that a material so abundant might be capable of utilization in some other way and for other purposes than for domestic fire. Men of science, active enough in various directions, ignored more bogs as scarcely worthy of their study. They didn't even appear to be aware that Germany was experimenting with this "brown coal" with a view of bringing it into the domain of commerce, and that Sweden, Denmark and Holland had machines in use to compress the clammy stuff into hard and dry cakes which would meet the needs of manufacturing industry.

To the Point.

"The day of the boss is over," said the talkative man.

"Married or single?" asked the man who hadn't spoken before.

Thoughtless listeners deemed the question irrelevant.—Philadelphia Ledger.

APRIL 5, 1906.

The Prison Commission has been reorganized with H. S. McCutcheon chairman.

The State Board of Control organized at Frankfort Tuesday with Percy Haly chairman and Robt. G. Phillips, of Elizabethtown, secretary.

There are at present no indications of formidable opposition to Stanley in this district. The time for closing nominations is near at hand and Munnell Wilson has not yet taken any steps toward entering the contest.

As there is only one entry in the race from the First district, Ollie James will be renominated by the Democrats in convention instead of a primary. The county committee will be called together on April 7 at Princeton.

J. C. O'Bryan, known to his friends as "Bud" O'Bryan, has been elected city tax collector of Owensboro, a very desirable place. Mr. O'Bryan was for several years receiver at the Western asylum and made an efficient officer. He has held a number of other offices and was a candidate last year for the Democratic nomination for sheriff. In the present lineup he is classed as an anti-administration Democrat. The council stands 6 Democrats and 6 Republicans, with a Republican mayor. The appointive offices were about equally divided.

UP THE LADDER.

Hopkinsville Boy Almost at Top Round.

There is no telling where will be the stopping place of Hopkinsville young men when they start out to win success in the business world. We may have made this statement before, but the recent promotion of Mr. McClure Kelly goes to prove the assertion. His many friends here will be glad to learn that he is now chief of the Southeastern department of Security Insurance Co., of New Haven, Conn., his headquarters being at Atlanta, Ga. This will not be much of a surprise to those who know Mr. Kelly best, for he is recognized as one of the best insurance men in the South. His recent appointment carries with it great responsibility and the demand for sound judgment, but Mr. Kelly is fully equal to the occasion and a better selection could not have been made. He'll hold down his job all right, for we know it is not big enough for the man—he's large enough for something bigger.

JOHN N. PEPPER

Victim of An Overdose of Morphine.

John N. Pepper, a farmer, living at Kirkmansville, Ky., died at his home Tuesday from an overdose of morphine. It is not clear under what circumstances the drug was taken. Mr. Pepper was a sufferer from neuralgia and had been ill for a week or more. The supposition is that he took too much unintentionally. He leaves three daughters. Mr. Pepper was a cousin of Mr. Frank Pepper, of this city. He was about 50 years old.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c, per bottle. Take Hall's Family Pills for constipation.

Mr. Duffy's War on Divorce.

The way to fight the divorce evil is to—fight it. That, evidently, is the view of Mr. Jno. C. Duffy, who announces that as County Attorney of Christian county he intends in the future to resist all suits for divorce in the district under his authority. Section 2,119 of the Kentucky Statutes says: "It shall be the duty of the attorney for the county to re-

HON. JOHN C. DUFFY.

sist every application for divorce and if successful in defeating it, he shall be allowed a fee of not exceeding \$20, to be paid by the husband, which he may be compelled to pay by attachment." This is the provision under which the Kentucky lawyer proposes to operate. The subject of divorce is close to the home and affects the hearts and happiness of all civilized mankind. Whether one defends the principal of divorce or opposes it, there is no denying that marriage bonds are too sacred to be lightly cast aside. Any step to combat the prevalence of divorce and to render difficult the separation of husband and wife is to be approved. The determination of the County Attorney, of Christian county is, therefore, not only interesting as an experiment, but commendable as a policy. He is making a good deal more and it will be worth while to see how his efforts turn out.—Courier-Journal.

HOWARD'S LIFE TERM.

Kissing His Wife Good-Bye, He Goes to Frankfort to Wear the Stripes.

Frankfort, Ky., April 3.—Smiling and debonair, James B. Howard kissed his wife good-bye at the portals of the penitentiary this morning and entered to don the convict's stripes for life for the murder of Governor Wm. Goebel. Sheriff Hiest and his deputies came from Louisville on the 10:18 C. & O. train with the prisoner. He wore a pair of bracelets, which were removed as soon as the court house was reached.

Circuit Judge Stout delivered the commitment papers to the officers, who took Howard at once to the penitentiary.

He maintained his composure throughout. He will be assigned to work to-morrow.

COURTHOUSE BURNED.

Building Was Old But Contained Valuable Records.

Murray, Ky., April 4.—The Calloway county courthouse was destroyed by fire to-night, together with practically all of the records of the county. It was an old house, having been built in 1850. Last Saturday night the block on the west side of the square known as Legal Row was destroyed by fire.

"SPRING OPENING."

Monday Was a Starter For Everything.

A VERY BUSY WEEK.

Tobacco Pouring in Town and Money Plentiful.

Both the city and county seem to have awakened from their winter's sleep and period of rest. Monday's crowd in town was extraordinary in point of number as well as activity. It was not only on the main thoroughfares that the crowd was to be seen, but in every section of the city, and everything was on the move.

All through the week thus far the same activity has prevailed. The weather which preceded the second day of April had been most favorable for handling tobacco and wagons have been coming in loaded with the loose weed and going out filled with farm supplies and machinery. Merchants have been busy all the time while the milliners have been put to their best efforts in showing their new headgear.

The quantity of tobacco delivered has been unprecedented. It has been impossible to unload the wagons as fast as they came in. Some of the farmers, thinking to get ahead of the others, start their wagons from home at all hours of the night, believing that they will have a chance to be unloaded first. But when they get to the warehouse they find loaded wagons still waiting their turn from the day before. The heavy deliveries at the association prize houses and the Imperial Tobacco Co. still continue and are liable to keep on for some time to come. Of course this means money for the farmers, through whose hands nearly all money must pass before getting into general circulation.

Spring Notes.

Hotel Latham has taken down its storm doors.

The negro with his hoe and rake on his shoulder is in evidence.

The boy with his marbles and top, and the sparrow sailing through the air with material for its nest is the best of proof that spring has come.

Peach trees are beginning to bloom and the price of eggs has advanced because the hens are "getting down to business."

Claud Clarke, Otto Anderson and other anglers are planning for many days on the river bank.

New pleasure vehicles are making their appearance daily.

Shade trees are being put out in the new entrance to the Cemetery.

It won't be many days before the water company will again begin work on its new lake.

The day for killing dogs is at hand.

The city authorities are planning for a general street cleaning, and property owners have been ordered to clean up about the premises.

The cow, if she can, had as well commence counting the few days she will yet be allowed to live on rotten straw, banana peels, straw paper, tobacco, or "any old thing" she can find on the streets.

The Baptist congregation is to make the first steps toward beautifying the streets by planting flowers in front of the church after the cow law goes into effect.

Awnings are being put up and the house painters are getting busy.

REVISED FORMULA—"For a number of years requests have come to me from a multitude of grateful friends, urging that Pe-ru-na be given a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel gratified to announce to the friends of Pe-ru-na that I have incorporated such a quality in the medicine which, in my opinion, can only enhance its well-known beneficial character."

The Col. John Green chapter D. A. R. will meet with Mrs. Dietrich in regular monthly meeting at 3 o'clock Saturday afternoon.

Full of Tragic Meaning are these lines from J. H. Simmons of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for consumption, coughs and colds, which completely cured me." EARLY FIRE.

Two Colored People Suffer Serious Loss.

At 3 o'clock yesterday morning the fire department was called to the burning house of Carrie Barker, 606 North Campbell street. The house was too far gone when the department reached it to afford any assistance. It was a three-room cottage and it, with its contents, was entirely destroyed. The woman lost, besides her furniture all her clothing and \$47 in money.

Butler Sebroe, a colored man, whose premises were only a few feet from that of Carrie Barker, came near losing his house by the fire which fell on the roof and burned it off, as well the ceiling. His loss is estimated at \$200, which was fully covered by insurance.

Carrie Barker's loss is about \$700. She carried insurance to the amount of \$350.

WINDING UP COURT MATTERS

Six Weeks' Term Will Come to a Close This Week.

A BATCH OF PRISONERS.

Ed. Greenwade's Motion for a New Trial Overruled.

Jennie Boyd, colored, of Kelly, who was adjudged an idiot five years ago and who has since been drawing \$75 a year from the state, was retried Monday, as required by law. The jury returned a verdict that she was not an idiot, but that she had a weak mind.

In the case of J. D. Boyd against the L. & N. Railroad Company, the jury found for the defendant, under peremptory instructions from the court.

The verdict of \$717 for plaintiff in the case of J. P. Thompson against John H. Bell, Jr., was set aside.

George McElwain, colored, charged with assault with intent to commit rape, entered a plea of guilty and was fined \$50, which amount he will have to work out unless paid in cash. He was tried Monday afternoon.

Sandy Billingsby, charged with burglary, was dismissed, on motion of the Commonwealth.

Yesterday a motion for a new trial was entered by Ed. Greenwade, colored, by his attorneys. The motion was overruled. Greenwade was convicted of voluntary manslaughter at the present term and given five years in the penitentiary. He was accused of killing another negro at a festival near Pee Dee.

The other prisoners convicted at present term will probably be sentenced today. They are George Johnson, wilful murder, life; Alfred Lisany, voluntary manslaughter, ten years; William Mackey, burglary, five years; Ed Pendleton, housebreaking, two years, and Charles Burris, voluntary manslaughter, 21 years.

In the suit of Mrs. Roxana Dickerson against Reuben Pitzer, in which the jury found for defendant, an appeal was prayed and granted.

The suit of Eliza J. White against John W. Terrell was ordered stricken from the docket.

Henry Stewart was granted an absolute divorce from his wife, Annie S. Stewart.

The petit jurors have been discharged and court will adjourn tomorrow or next day.

CHARLIE ADAMS

Died Yesterday at His Father's Home, Madisonville.

Charlie Adams, son of Mr. J. Matt Adams, died at Madisonville yesterday morning, of consumption, aged about 23 years. The burial will take place today at two o'clock. The young man was reared in this city, while his father was L. & N. agent. Until his health failed he was in the employ of the L. & N. Railroad.

Auto Victim.

A reckless chauffeur who ran down and killed at New Rochelle, N. Y., two women, one being Miss Alvina Stein, of Louisville, surrendered to the authorities and was held to answer before the grand jury in the sum of \$10,000. The charge of manslaughter was placed against him.

No More Betting.

Objecting to the notoriety accorded his wife by reason of her betting proclivities, "Nick" Longworth has requested that she place no more commissions.

AMUSEMENTS.

A ROYAL SLAVE

"A Royal Slave," which comes to this city next Monday night April 9, will prove an innovation in the way of melodrama as it is a distinct novelty both as to theme and scenic embellishment. The plot of the play is taken from Gen. Lew Wallace's great story "The Fair God," which is sufficient guarantee of its literary merit. The many beautiful scenes have been painted from photographs taken in Mexico especially for this production, and are said to be magnificent examples of the scene painter's art.

The Y. C. Alley Musical Comedy Company will play a return engagement in this city April 12, presenting "Cinderella," and the people who visit the theatre on this night will see a singing, dancing and acting company of nearly thirty people. Besides the principals in the cast, the management carries a big bunch of pretty show girls, in other words the prettiest chorus of nice young ladies playing on the stage today, none excepted.

White Horse Bought.

The Live Stock Committee of the City Council this week bought a handsome white horse for service in the fire department. One of the fire horses will be taken to use with the patrol wagon, which will be ready soon.

JUDGMENT

In Circuit Court For \$717 Set Aside.

In the suit tried during the present term of the Circuit court wherein John H. Bell, Jr., was defendant, the jury awarded damages to Mr. J. P. Thompson in the sum of \$717. The suit grew out of a former suit wherein Mr. Bell was the plaintiff and he received a judgment against Mr. Thompson. In order to make the judgment good Mr. Bell attached a lot of tobacco belonging to Mr. Thompson. The delay in disposing of the tobacco through process of law depreciated the value to such an extent that Mr. Thompson instituted suit for damages thus sustained. After hearing the reading of the jury's award the judge had an order entered setting aside the verdict alleging that the damages were excessive and erroneous.

Ed. Waide's Trouble.

Edwin F. Waide, formerly of this city, is in serious trouble at Frankfort, under a charge of forging Col. Bennett H. Young's name to an \$80 check. He was arrested at Shepherdsville and taken to Frankfort Monday. The State Journal says there is a possibility that some of Waide's friends may undertake to straighten up the matter and thus obviate prosecution.

To New Orleans,

ACCOUNT

United Confederate Veteran's Reunion,

VIA

Illinois Central R. R.,

THE OFFICIAL ROUTE.

At a meeting of Ned Meriwether Camp, U. C. V., held at Hopkinsville March 31, a vote was taken as to the most desirable route to be taken on the above occasion, and the ILLINOIS CENTRAL was selected by an overwhelming majority. Arrangements were made for a SPECIAL TRAIN to leave Hopkinsville via Illinois Central R. R. at 3:00 p. m. Monday, April 23rd, for the accommodation of the Veterans and their friends. This train will arrive at New Orleans about 10:30 Tuesday morning.

The special will be first-class in every particular and will consist of Pullman Sleeping Cars and Free Koeling Chair Cars, and will make enroute by the Cadiz, Uniontown and Morganfield, Ky., camps and their friends, who will also be furnished with special cars.

The rate from Hopkinsville will be only \$13.00 for the round trip. All tickets will be good returning until April 30th, 1906, but an extension of limit to May 2nd, 1906 may be secured by depositing tickets with Joint Agent at New Orleans not later than April 30th and paying fifty cents.

Between Memphis and New Orleans tickets will be accepted via either the Illinois Central or the Y. & M. V. Ry., in either direction. The Y. & M. V. Ry. passes through Vicksburg, Baton Rouge, etc., and stop overs will be given to visit any point of interest desired.

A general invitation is extended to the public to accompany the Veterans upon this trip, which will enable you to visit New Orleans at the season when it is most beautiful.

THE PERFECT WAY.

Scores of Hopkinsville People Have Learned It.

If you suffer from backache, There is only one way to cure it. The perfect way is to cure the kidneys. A bad back means sick kidneys. Neglect it, urinary troubles flow. Doan's Kidney Pills are made for kidneys only.

Are endorsed by Hopkinsville people. C. B. Eades, of the firm of Eades & Davis, proprietors of the coal yard on Seventh St. and the L. & N. R. R., and who lives at 402 East 7th St., says: "I have Doan's Kidney Pills advertised and so highly recommended by persons who had used them that I went to Thomas & Trahern's drug store, procured a box and gave them a thorough trial. I had suffered for a long time with a heavy pain across the small of my back, sharp and acute at times. When I caught cold it always settled in my back and there followed a weakness of the kidneys which was exasperating, especially at night. I tried various remedies, but none of them gave anything like as satisfactory results as I obtained from the use of Doan's Kidney Pills. I am pleased to say they brought me great relief. I have recommended the pills and will continue to do so to my friends and acquaintances."

For sale by all dealers. Price 50c. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

Providence coal mines can't supply the demand upon them for coal. Good Judgment

is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby. The best worm medicine ever offered to mothers. Many indeed are the sensible mothers, who write expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by Cook & Higgins.

JUELS IN FRENCH COLONY

The Man Fought Ten at St. Pierre de Miquelon in Past Four Years—Military Man Figure.

There is one place in North America where dueling is still common, according to the Chicago Daily News. That is St. Pierre Miquelon. Among other practices similar to the mother country, France, is that of settling affairs of honor by an appeal to the pistol or the rapier. From a recent publication in the Plerrois journal La Vigie (the Lookout) it is learned that 17 duels have taken place there in the last four years, or an average of one every three months.

In ten of these M. Paul Louia (Lague), the fishery merchant, who represents the little colony in the French chamber at Versailles, has figured as a principal. It is evident, therefore, that he lives a strenuous and dangerous life, though, as nobody has ever been seriously wounded in these encounters, the peril must be less than would appear at first sight.

The little town has 6,500 people, and what may be termed its aristocracy is very limited. M. Legasse, who is the leading fishery outfitter, owning over 60 vessels that ply on the Grand Banks and whose wealth far exceeds that of any competitor in the place, lastly and his adversaries among the officials who conduct the administration or among the candidates who contest his seat when the biennial elections take place.

His latest duel was with M. Caperon, the retiring chief justice of the little colony. Between the two there had been a feud since last summer, when M. Legasse, being charged with complicity in some alleged marine scandal, was arrested by order of this judge, bail being refused until M. Legasse's friends appealed by cable to the minister of justice in Paris, who ordered his release. M. Legasse, being unable to insist upon a meeting while M. Caperon was actually holding his exalted office, had to wait until his transfer to another post was ordered.

Then he promptly challenged the chief justice. They fought with pistols at 45 paces, but neither was hit. M. Legasse's previous important duel was with M. Dumont, a creole from St. Pierre, Martinique, all of whose relatives were killed by the tragic explosion of Mont Pelée. M. Dumont, who is a lawyer, ran against Legasse for deputy in the last election, and seemed interested in his candidacy because many of his followers advocated the annexation of the island to the United States.

It was as an outcome of some violent language that the Legasse-Dumont duel took place. Previous appearances of M. Legasse on the field of honor were made with other officials and with one or two rivals in the commercial line. Officers of the gendarmerie on the island and the naval squadron, which gathers every summer, figured in some of these affairs.

One-Sided Contests. There have been at least five wars in which one side only won all the engagements and suffered no defeats. In that between the United States and Mexico in 1845-8 the Mexicans got the worst of every encounter, from pitched battles to fights between parties of rangers and guerrillas. In the Indian campaigns of 1845-6 and 1848-9 the British won every battle and skirmish. Prussia did the same in the Austro-Prussian war in 1866. Lord Napier won the Abyssinian war in 1867 without a single reverse, and Lord Wolseley conducted the Sudan campaign with equally unbroken success.

Bleeding in Disguise. Customer—But that umbrella looks so awfully cheap and common the price you ask for it is preposterous.

Dealer—My dear sir, that's the beauty of that umbrella. It's really the very best quality, but it's made to appear cheap and common so that no one would think it worth stealing. — Philadelphia Press.

Bound to Succeed. "How do you know that you will ever attain great wealth?" sternly asked the girl's father.

"Sir," confidently replied the auditor, "I am both deeply pious and thoroughly unscrupulous."

"Take her, my boy, and be happy."—Louisville Courier-Journal.

St. Louis Live Stock Market.

Reported by Evans-Snyder-Buel Co.,
 Live Stock Commission Agents.

(Special to the Kentuckian)

National Stock Yards, Ill., April 4.—Receipts of cattle the fore part of the week show little difference from a week ago and, although light, the market does not show much strength. This is due to unfavorable advices from other markets. Beef steers average about a dime higher than last week and comprise a good average percentage of the receipts. While no fancy grades were offered we sold a string weighing 1,290 at \$5.65. They were the best here. Most of the medium to good kinds sold from \$4.90 to \$5.40.

Butcher cattle ruled uneven—ready to lower—with most weakness on the commoner kinds. Receipts moderate, none choice. Best heifers \$4.50 to \$4.85; best cows \$4.40 to \$4.60; bulk around \$3.75; canners and cutters \$2.25 to \$2.85. Choice veals \$5 to \$5.50; common \$4.25 to \$4.75.

Bright sunshine has put a little life into the stock and feeder trade, yet receipts are so light and quality so common that trade is slow. We have several orders for good stuff that can't be filled. Values show little change from last week but the outlook is favorable.

Hogs have the habit of making a new "high" weekly now, and have "made good" again this week when \$6.57½ was paid and lots of good to choice grades went at \$6.50 to \$6.55; bulk of packers \$6.40 to 6.45, and light mixed grades \$6.25 to \$6.35. Choice little pigs sold well, but lots

of common to medium going at \$5 to \$5.50.

Good fat sheep are as high as any time of the year but lambs are gradually working lower.

OFFICIAL NOTICE.

The time has come to give the city a thorough spring cleaning and to keep it clean. All persons who have allowed ashes or other refuse to be dumped into the streets or alleys about their premises are hereby ordered to have same removed within ten days, whether in the business or residence portions of the city. The penalty against this offense will be enforced on and after April 15th.

It is likewise forbidden by ordinance to empty waste baskets or sweep paper scraps into the streets and this ordinance will also be hereafter enforced.

By order of the mayor.

Creditors Present Claims
Against L. H. McKee.

A suit to have Lemuel H. McKee, of Hopkinsville, declared a bankrupt was filed today in the United States Court by M. Ryan, Crr, Jackson & Co., and Phillips, Friddle & Co., of Nashville. Ryan's claim is \$551.05, that of Orr, Jackson & Co. \$58.81 and that of Phillips, Friddle & Co. \$327.89. It is alleged by them that McKee is insolvent and that he has preferred the following firms: Kemper Wool, Wine Candy and Cracker Co., \$24.71; Julius Kessler & Co., \$100; W. A. Chambers & Co., \$240.80.—Louisville Times.

FLOWERS AND GRASS

To Take the Place of the
 Bare Church Plats.

The Finance Committee of the Baptist church has arranged for beautifying the surroundings of the church after May 1st, by planting flower beds and sowing the grass plats in the angles of the church, which have heretofore been in an unsightly condition on account of cattle on the streets. Many citizens will give much attention to beautifying their front lawns since conditions are to be so greatly changed. Mrs. E. W. Henderson, who has just completed a low stone fence, will put no iron top on the stone as would have been necessary but for the passage of the stock law.
